Dear Mr. Minister:

We wish to advise that the Manitoba Disaster Assistance Board, established under Section 17(1) of the Emergency Measures Act, has completed the work assigned to it under Orders-in-Council 937 and 938, dated July 22, 1987 regarding the Flood Assistance Program for 1987 Spring Flooding. We, therefore, now submit a final report of the Board's activities and findings under this program.

We are grateful for the privilege of being of service to the residents of Manitoba.

Yours truly,

Joseph Masi, Secretary

Sydney Reimer, Chairman

Lawrence Boguski, Vice-Chairman

Lois Edie, Board Member

FORWARD

The flooding which struck the Peguis and Fort Alexander Indian Reserves and the Rural Municipalities of Grey, Louise, DeSalaberry, and the Cooks Creek Conservation District in the spring of 1987 caused severe hardship.

The Manitoba Government announced a Flood Assistance Program to financially assist those individuals and municipalities suffering damages.

In the pages that follow, the details of this program are outlined as well as the activities and findings of the Manitoba Disaster Assistance Board.

The current Board takes no responsibility for the actions and decisions of the previous Board regarding these programs.

ACKNOWLEDGEMENTS

The Board wishes to express its appreciation to the Governments of Canada and Manitoba for providing financial assistance to resolve the problems which arose from the flooding on the Peguis and Fort Alexander Reserves. Particular thanks should go to the Honourable Harry M. Harapiak, former Minister of Government Services, and Emil Korchinski, Director General of the Department of Indian and Northern Affairs Canada, and their staffs, all of whom provided the Board with information and resources to ensure the program was a success.

The Board would also like to thank the staff in the Engineering and Construction Branch of the Department of Natural Resources for their very capable assistance in helping the Board with the inspection and evaluation of the damages incurred by the Rural Municipalities of Grey, Louise, DeSalaberry, and the Cooks Creek Conservation District.

The Board also thanks its staff for the diligent and conscientious manner in which the business of the Board was conducted.

The Board is grateful to the officials of the affected areas, the news media, and finally the public whom we were privileged to serve.

SECTION 1

ORDERS-IN-COUNCIL

A. Establishment of the Manitoba Disaster Assistance Board (Appendix A)

The Manitoba Disaster Assistance Board was established under Section 17(1) of the Emergency Measures Act. It is responsible for: recommending government policy on disaster assistance; making decisions concerning payments in response to disaster assistance claims; and reporting to the Minister on disaster assistance matters. The Board provides a readily activated mechanism for dealing with damage related matters referred to it as a result of natural or human-made disasters.

B. Appointment of the Board Members (Appendix B and C)

Order-in-Council 686/83 appointed Mr. Albert St. Hilaire as a member and Chairman and Mr. Willis Ayers as a member and Vice-Chairman of the Manitoba Disaster Assistance Board. Order-in-Council 428/84 appointed Mr. Rudy Regehr as the third Board member. These two Orders-in-Council outlined the powers and remuneration of the members of the Board.

C. The Flood Assistance Program (Appendix D and Appendix E)

Order-in-Council 938/87 contained the Terms of Reference and Limits of Compensation of the Flood Assistance Program for individuals on the Peguis and Fort Alexander Indian Reserves affected by the late April and early May flooding. The assistance was in the form of an ex-gratia cash grant of up to a maximum of $30,000.00, after a deductible amount of $250.00 or 25% of approved costs, whichever was greater. Financial assistance was provided to help defray the costs of damage to buildings, residential dwellings, and loss of moveable

objects and personal out-of-pocket expenses. This program was administered by the Manitoba Disaster Assistance Board and all costs associated with this program were reimbursed to the province from the federal government.

Order-in-Council 937/87 contained the Terms of Reference and Limits of Compensation for assistance to the municipalities and the Cooks Creek Conservation District which were affected by late April and early May of 1987 flood. The assistance was in the form of a cash grant to the municipalities and the Cooks Creek Conservation District for damages to drains, bridges, and roads. The assistance was based on the following formula:

Municipal Per Capita Eligible Cost	Provincial Share	Municipal Share
$0.00 to $1.00	0%	100%
$1.01 to $3.00	50%	50%
$3.01 to $5.00	75%	25%
$5.01 Plus	90%	10%

This program was also administered by the Manitoba Disaster Assistance Board in concert with the Engineering and Construction Branch in the Department of Natural Resources. The costs associated with this program were provided solely by the Province of Manitoba.

SECTION 2

POLICIES AND PROCEDURES

On May 29, 1987, the Board received a hand-delivered letter from Mr. Henry Eckert, Co-ordinator of Emergency Measures Organization, from Mr. A. Rasmussen, Director of Emergency Preparedness Canada. The letter was a request from the Department of Indian and Northern Affairs Canada that the Manitoba Disaster Assistance Board proceed with the inspection and evaluation of the homes that were damaged from flooding on the Peguis Indian Reserve in the spring of 1987.

The letter indicated that the existing provincial and municipal compensation rates should be followed and that all compensation cheques were to be forwarded to the Band's individual members or the Band itself as applicable, in accordance with last year's methods. In addition, the Department of Indian and Northern Affairs Canada indicated that they would reimburse the province 100% for all administrative and compensation costs associated with the program. A copy of the relevant correspondence dealing with this matter is enclosed under Appendix F.

The same day, the Manitoba Disaster Assistance Board considered this request and passed a motion recommending to the Minister of Government Services that the Peguis Indian Reserve be designated for public and private disaster assistance and that the Board recommend to the Minister that the inspectors be sent prior to the Order-in-Council regarding compensation being considered by Cabinet.

On June 11, 1987, the Minister approved the immediate commencement of the inspections and that as soon as the inspections were completed, the necessary Cabinet documents should be forwarded for Cabinet's consideration regarding compensation.

After this authorization was given to the Board by the Minister, the Board proceeded to send application forms to the Peguis Indian Reserve. Applications were returned to the Board's office and they were coded, stamped numerically and recorded on index cards arranged alphabetically. File folders were then prepared for each applicant. Registered ownership was checked and photocopies made of each application. These files were passed to the Chief Inspector, and he delegated them to the various inspectors who were hired to inspect the damages.

After the inspections were completed, the Board presented Cabinet with the necessary documents regarding compensation, along with an estimate of the damages. On July 22, 1987, Cabinet approved the necessary Order-in-Council regarding compensation to the individuals on the Peguis Reserve that suffered damages as a result of the spring flooding. A news release was also issued by the Honourable Harry Harapiak, Minister of Government Services, regarding this matter. A copy of the news release is enclosed under Appendix G. In addition, the Minister sent a letter to the Chief of the Peguis Indian Reserve, Louis Stevenson, indicating that the Governments of Canada and Manitoba had approved a financial compensation program. A copy of the letter from the Minister to Chief Stevenson is enclosed under Appendix H. Subsequent to this approval by Cabinet, the files were ready for evaluation. Assessment of damages and losses were calculated, based on the Board's compensation guidelines, totalled and passed to the Secretary for his scrutiny and approval. A member of the Board was required to sign this approval.

Following this approval, award letters were prepared along with financial assistance agreements, which were mailed to the claimants. After the claimants returned the financial assistance agreements, a cheque voucher was

prepared and sent to the Department of Finance. This procedure also applied to awards granted for moveable objects and personal effects, except no limitation was placed on the amount of the award letter or voucher, provided the amount was within the limit approved by the Order-in-Council.

Each award letter had a number and these numbers were listed on the index cards in the appropriate space. Files were then placed in completed file drawers in numerical order for future reference.

Structural damages amounting to over $2,000.00 were handled in a somewhat different manner in that no voucher was made at the time of the award letter. In these cases the original bills were required to be submitted by the applicant. Based on these bills, a cheque requisition form was prepared which was handed to an inspector whose task was to visit the property and confirm the repairs had been completed. Both the applicant and the inspector signed statements on this form that the work was satisfactorily completed. These forms were then returned to the office, inserted in the file, checked and signed by the Secretary, along with the Board member. The cheque voucher was then made up and after appropriate signatures were affixed to the voucher, the vouchers were sent to the provincial audit office for approval and processing of the cheque.

The public sector (municipal damages) was administered jointly between the Manitoba Disaster Assistance Board and the Engineering and Construction Branch of the Department of Natural Resources.

The Manitoba Disaster Assistance Board investigated the damages in the Rural Municipalities of Grey, Louise, DeSalaberry, and the Cooks Creek Conservation District and a copy of these reports were also sent to the Engineers in the Department of Natural Resources for their information.

On May 14, 1987, the Board passed a motion recommending to the Minister of Government Services that the R.M.s of Grey, Louise, DeSalaberry, the Cooks Creek Conservation District be considered eligible for compensation for 1987 spring flooding.

After the Minister of Government Services reviewed this recommendation, he authorized the Board to commence the immediate inspection of the public sector damages.

Under normal circumstances, the policy states that the inspection team should consist of a representative of the Engineering and Construction Branch, a representative of the Department of Highways, a representative of the Manitoba Disaster Assistance Board, and a representative from the affected municipality.

Subsequent to the inspection team undertaking their inspections, an estimate was provided to the government with respect to compensation.

On July 22, 1987, Cabinet approved the appropriate Order-in-Council for public sector compensation and a news release was issued at that time. A copy of the news release is enclosed under Appendix I. In addition, the Minister of Government Services sent a letter to all of the affected Reeves informing them of the financial assistance for their municipalities and the Conservation District. A copy of these letters are enclosed under Appendix J.

Subsequent to this approval by Cabinet, the municipalities were authorized to proceed with approved repairs and restoration works and submit their receipts and bills to the Director of Engineering and Construction Branch for processing.

The Engineering and Construction Branch reviewed these receipts and bills to ensure they were allowed under the Terms of Reference and Limits of Compensation of Order-in-Council 937/87, and subsequent to a final inspection,

the municipality and Conservation District were paid a cash grant for their damages by the Manitoba Disaster Assistance Board.

A copy of all the forms used to administer the program is enclosed under Appendix K.

A copy of the newspaper articles written about the compensation program for the Peguis Indian Reserve and Fort Alexander Indian Reserve and for these municipalities is enclosed under Appendix L.

CONCLUSION

The Board is satisfied that the Flood Assistance Program was administered according to the Terms of Reference and Limits of Compensation in the Orders-in-Council referred to the Manitoba Disaster Assistance Board by the Lieutenant Governor-in-Council.

The Board wishes to express its commitment to continue to serve the Government of Manitoba whenever disaster assistance programs are referred to the Board for administration and implementation. It is only with the full cooperation of all people involved that the residents of Manitoba can continue to receive assistance in times of disasters. The Board pledges itself to that cooperation.

MANITOBA

Order in Council

No. 938

ON MATTERS OF STATE

To The Honourable the Lieutenant Governor in Council

The undersigned, the Minister of .....Government Services.....

submits for approval of Council a report setting forth that:

WHEREAS the Manitoba Disaster Assistance Board has been established to inquire into the damages caused by flooding on the Peguis Reserve in the spring of 1987.

AND WHEREAS it is deemed expedient and advisable to provide assistance to those whose buildings have been damaged and to those who have incurred additional personal out-of-pocket expenses as a result of flooding as set out in Schedule "A".

THEREFORE he, the Minister, recommends

1. THAT the Manitoba Disaster Assistance Board shall determine whether the Disaster Assistance Program applies in each individual case.

2. THAT the assistance to be allowed in respect of the following, namely

   (a) dwelling houses including those used in part for the conduct of business;

   (b) buildings which in the opinion of the Board are appurtenant to a dwelling house;

   (c) buildings on farms other than dwellings which are essential to the farm business;

   (d) buildings used for the conduct of a business owned by a person or persons who in the opinion of the Board are engaged in small business;

   (e) apartment blocks owned by a person or persons who in the opinion of the Board are engaged in a small business;

   (f) additional personal out-of-pocket expenses as set out in Schedule "A";

   and shall be first determined by estimators appointed by the Board on the basis of cost of good average materials as determined by the Board; and such work as, in the opinion of the Board and within reason, may be necessary to restore such buildings to a similar condition as existed prior to flooding subject to the limitations hereinafter provided.

3. THAT the total amount of assistance to be allowed in respect of all losses i.e. damaged buildings and additional out-of-pocket expenses shall be subject to a deductible of $250.00 or 25% of approved costs, whichever is greater, to a maximum of $30,000.00.

4. THAT notwithstanding anything in this Order the persons to whom assistance may be granted be those persons

   (a) whose buildings, property or place of residence were in the opinion of the Board within the inundated area caused by flooding;

   (b) who have filed an application with the Board for an assistance grant; and

   (c) who have satisfied the Board that they are the owners of the property damaged or the persons otherwise entitled to apply for assistance.

5. THAT the structural part of the award be paid to the respective Band directly and the moveable part of the award be paid to the individual who has filed an application with the Board for an assistance grant, unless the home is owned by the individual who has filed an application with the Board for an assistance grant in which case both the structural and moveable part of the award will be paid directly to the claimant.

6. THAT the said Board have the power to rent office accommodation, to rent or purchase office supplies, to purchase stationery and to employ and fix salaries of such persons as may be required to enable the said Board to carry out the work assigned to it.

7. THAT the salaries of the members of the said Board and the persons employed by the said Board and all other expenses which may be incurred by the said Board be paid out of an account to be established by the Department of Finance for such purpose under presentation of a requisition signed on behalf of the said Board by a member of the said Board and countersigned by the Secretary of the Board and a requisition so signed shall be conclusive proof that the said payment has been properly made under this Order.

8. THAT the Chairman and members of the Board receive the sum of twenty-five dollars ($25.00) per hour for each hour spent on the business of the Board, together with such actual expenses as they incur in the performance of their duties.

9. THAT when the amount of assistance in respect of a building or buildings and/or other out-of-pocket expenses have been determined in accordance with the terms of this Order, the Board shall set up a credit in an account in the name of the owner or the person or persons otherwise entitled to apply for assistance, to be kept by the Board and the person in whose name the account is opened in compliance with the procedure established by the Board may apply to the Board to have requisitions for the purchase of material and accounts for labour chargeable against the said credit.

10. THAT the Board shall issue requisitions for payment for materials and labour and other out-of-pocket expenses which have been supplied and charged against the said credits and for cash allowances in settlement of such credits that are less than two thousand dollars ($2,000.00); and that the Provincial Auditor be authorized to approve and pass for payment and the Department of Government Services be authorized to pay out of an account to be established by the Department of Finance such requisitions when signed by a member of the Board and countersigned by the Secretary of the Board and a requisition so signed shall be conclusive proof that the said payment has been properly made under this Order.

11. THAT all individuals and businesses who apply for assistance under this program may appeal to the Board, if they are not satisfied with their awards.

12. THAT all compensation payments and administrative costs made under this Order-in-Council shall be ex-gratia and paid out of or from authority provided from Appropriation 18-1D.

Order in Council

No. 937

ON MATTERS OF STATE

To The Honourable the Lieutenant Governor in Council

The undersigned, the Minister of .....Government Services.....
submits for approval of Council a report setting forth that:

WHEREAS flooding has occurred during 1987 as a result of spring runoff, causing damage to certain public works;

AND WHEREAS the R.M.'s of Grey, Louise and De Salaberry and the Cooks Creek Conservation District took precautionary measures to prevent damage from anticipated flood flows as estimated by flood forecasts;

AND WHEREAS it is deemed expedient and advisable to provide financial assistance to the R.M.'s of Grey, Louise and De Salaberry and the Cooks Creek Conservation District due to flooding during the spring of 1987;

THEREFORE he, the Minister, recommends

1. THAT financial assistance be extended to the R.M.'s of Grey, Louise and De Salaberry and the Cooks Creek Conservation District as a result of spring flooding during 1987.

2. THAT subsequent to the inspection the municipalities and the Conservation District be authorized to proceed with approved repair works.

3. THAT upon request by the municipalities and the Conservation District, the Province advance to the municipalities and the Conservation District, a cash advance not exceeding 75% of the estimated amount of the Provincial share of the approved flood fighting and restoration costs.

4. THAT upon completion of the approved repair works, the municipalities and the Conservation District submit to the Director, Engineering Branch, a Statutory Declaration accompanied by a list of repairs and costs, supporting bills and receipts in evidence of payment. Subsequent to this, a final inspection will be carried out and a final grant paid.

5. THAT where the municipalities and the Conservation District rent equipment from contractors or other persons or agencies, the maximum rental rates that be approved under this assista..ce program will not be greater than the current government rental rates. Information in respect to these rates can be obtained from the Engineering and Construction Branch.

6. THAT an Inter-Departmental Review Committee hear appeals from the municipalities and the Conservation District in the case of claims initially rejected by the inspection team. In the event that the municipalities and the Conservation District wish to appeal a decision made by the inspection team, they will submit such an appeal to the Director, Engineering and Construction Branch, who is the Chairman of the Inter-Departmental Review Committee.

7. THAT all compensation payments made under this Order-in-Council be paid out of or from authority provided from Appropriation 18-1D.

8. THAT provincial assistance to the municipalities and the Conservation District relating to damages to municipalities and Conservation District property be based on the categories as detailed in Schedule "A".

Categories of Damages & Losses

Eligible for Cost-Sharing

Municipal Per Capita Eligible Cost	Provincial Share	Municipal Share
$0.00 to $1.00	0%	100%
$1.01 to $3.00	50%	50%
$3.01 to $5.00	75%	25%
$5.01 Plus	90%	10%

Costs which are deemed eligible for sharing by the Province will consist of the following on the basis of this formula:

1. **Flood Fighting**

   (a) **Municipal Dyking**

   The Province will assist a municipality in the costs incurred by it for the construction of emergency dykes, removal of those dykes and restoration of property affected by the construction and removal of dykes including roads under or adjacent to the dykes.

   In the event a municipality chooses to leave dykes constructed during the emergency in place, these dykes must be shaped and stabilized to a standard approved by the Water Resources Branch. No assistance is available for this work.

   These costs cover:

   (i) Labour which includes the actual payroll costs for the construction and removal of dykes but shall not include wages or salaries of regular staff. However, overtime costs, up to one and one-half times the regular rate, whether for regular or temporary staff, incurred during the construction of dykes, will be allowed.

   The Province will not, however, participate in payment of overtime wages incurred during the removal of the dykes.

   (ii) Normal operating cost of equipment including rentals.

   (iii) Purchase of sandbags.

   (iv) Purchase of sand, gravel, earth or other fill.

   (v) Purchase and acquisition of miscellaneous dyke materials and maintenance etc., necessary for the building or maintaining of a dyke system.

   (vi) Damages that have occurred to private property during the construction or removal of dykes, provided the damage was caused through an operation authorized by the municipality.

. . . 2

(vii) Repairs to municipal roads damaged during the hauling of materials and equipment used for dyke construction.

(b) Other Flood Fighting

Costs may include:

(i) Labour (other than salaries or wages of regular employees whether salaried or hourly paid).

(ii) Normal operating costs of pumps, boats, trucks and related equipment including rentals; but shall not include the cost of operating permanent pumping stations.

(iii) Protection, maintenance and operation of centralized local flood emergency headquarters.

2. Restoration

(a) Municipal Drains

In respect to municipal drains the Province will share in the cost of restoring municipal drains to the condition existing prior to the flooding in the spring of 1987.

Where the municipality wishes to raise the standard of the drain, it may do so with the approval of the Water Resources Branch. Assistance will only be granted on the basis of the Water Resources Branch's estimate of costs required to restore the works to a condition estimated to have existed prior to the flooding in the spring of 1987.

(b) Municipal Roads

With respect to roads and streets, assistance will be provided towards the costs of repairing damages caused by flood water and/or unusual flow velocities.

The term "roads and streets" will include sub-grades, surface and structures as well as other municipal works such as curbs, catchbasins, etc., which must be restored in conjunction with the roadway.

The Province will share in the costs of restoring roads and streets only to the condition estimated to have existed prior to the flooding in the spring of 1987.

Where the municipality wishes to raise the standard of the sub-grade, surface or structure, it may do so with the approval of the Highways District Engineer. Assistance will only be granted on the basis of the District Engineer's estimate of costs required to restore the works to the condition estimated to have existed prior to the flooding in the spring of 1987.

(c) Other

The Province will share in the restoration of the following public works and facilities:

(i) Municipal public buildings and their related equipment as well as private buildings which were used by the municipal authorities for their purposes during the period of the flood fighting operation.

. . . 3

(ii) Municipal sewer and water services.

(iii) Municipal public recreational facilities such as bathing beaches, zoos, parks, golf courses and community centres.

(iv) No cost sharing will be allowed in respect of upgrading the above works and facilities to higher standards than those which existed prior to the disaster. The restoration cost estimates will be based on what would be required to repair a structure or public work to its immediate pre-disaster condition, in the spring of 1987.

Dear Mr. Eckert:

FLOOD DAMAGE ASSESSMENT ON INDIAN RESERVES

As you know from our recent discussions the Department of Indian and Northern Affairs (INAC) Manitoba Region has formally requested that the Province of Manitoba, through the Manitoba Disaster Assistance Board, carry out private and public sector damage assessment of damage on the Peguis Reserve resulting from the 1987 spring flood. It would appear that there has been flood damage to some basements and to certain public sector facilities.

The Director General INAC has requested that the following criteria be applied:

a. existing provincial and municipal compensation rates be followed; *

b. compensation cheques are to be forwarded to the individual band members or the Band itself, as applicable, in accordance with last year's procedure.

* Note: As the provincial compensation rates have changed since last year, this point will be addressed with the Regional Director General INAC.

As soon as compensation has been paid and final costs are available, INAC will reimburse the Province of Manitoba for the compensation paid and the administrative costs involved.

The contact officer at INAC is Mr. Roman Wengel and he can be reached at 949-4731.

Would you please accept this as the official request to commence flood damage assessment.

PEGUIS BAND FLOODING

I have been advised that at least fourteen (14) basements on the Peguis Reserve have suffered flood damage this spring. Also, some public sector damage has occurred to lift stations etc.

Therefore, I am again requesting inspections and evaluations of flood damage (spring 1987) to be carried out by The Manitoba Disaster Assistance Board. The following criteria should be applied:

1) Existing Provincial and Municipal compensation rates should be followed.

2. Compensation cheques are to be forwarded to the bands individual members or the band itself as applicable, in accordance with last years methods.

3. INAC will reimburse the Province accordingly for administrative costs and compensation paid out.

Again this year, Mr. Roman Wengel is co-ordinating flood measures for The Manitoba Region, and should be contacted at 949-4731 should clarification on the above be required.

FLOOD COMPENSATION
ANNOUNCED FOR PEGUIS INDIAN RESERVE

The federal and provincial governments have announced they will be providing assistance for private damage incurred as the result of recent spring flooding on the Peguis Reserve.

Minister responsible for the Manitoba Disaster Assistance Board, Harry Harapiak, says the Board has agreed to act on the federal government's behalf in the assessment of damage, determination of compensation eligibility and distribution of payments.

Indian and Northern Affairs Canada requested that the Board oversee these procedures with the assurance that the province will receive 100% reimbursement for all compensation paid, as well as any administrative costs incurred.

Emil Korchinski, Regional Director General, Indian and Northern Affairs Canada, said that the coordinated approach was taken to ensure that flood compensation is assessed and paid as quickly as possible. Inspection of affected private property is already complete and determination of compensation eligibility and distribution of payments will be made as soon as possible.

PUBLIC SECTOR DAMAGES

CONSERVATION DISTRICT AND R.M.'S RECEIVE AID TO RESTORE PUBLIC PROPERTY

The Manitoba Government will provide financial assistance to the Cooks Creek Conservation District and the R.M.'s of Grey, Louise and DeSalaberry for flood damage restoration costs to public property, Harry Harapiak, Minister responsible for the Manitoba Disaster Assistance Board has announced.

"These areas suffered damages to public property as a result of 1987 spring flooding," Harapiak said, "and their request for financial assistance has been approved."

Financial assistance will be provided on a cost sharing basis. The formula to be used is as follows:

Municipal Per Capita Eligible	Provincial Share	Municipal Share
$0.00 to $1.00	0%	100%
$1.01 to $3.00	50%	50%
$3.01 to $5.00	75%	25%
$5.01 Plus	90%	10%

The shared costs may include restoration of municipal drains, roads, culverts and bridges.

Upon final inspection by an inspection team, compensation will be provided for eligible repair work, the Minister said.

Flood compensation for Peguis Reserve

The federal and provincial governments have announced they will be providing assistance for private damage incurred as the result of recent spring flooding on the Peguis Reserve.

Minister responsible for the Manitoba Disaster Assistance Board, Harry Harapiak, says the board has agreed to act on the federal government's behalf in the assessment of damage, determination of compensation, eligibility and distribution of payments.

Indian and Northern Affairs Canada requested that the board oversee these procedures with the assurance that the province will receive 100 percent reimbursement for all compensation paid, as well as any administrative costs incurred.

Emil Korchinski, regional director general, Indian and Northern Affairs Canada, said the co-ordinated approach was taken to ensure that flood compensation is assessed and paid as quickly as possible. Inspection of affected private property is already complete and determination of compensation eligibility and distribution of payments will be made as soon as possible.

Province to help pay flood costs in rural districts

The Manitoba government is to provide compensation to southern Manitoba municipalities that suffered flood damage last spring, Harry Harapiak, minister responsible for the Manitoba Disaster Assistance Board, said yesterday.

Harapiak said provincial aid will go to the Cook's Creek Conservation District and to the rural municipalities of Grey, Louise and DeSalaberry.

Compensation has yet to be assessed, but the province will pay 50 per cent to 90 per cent of the costs of restoring roads, culverts, bridges and municipal drains.

Meanwhile, he said the Disaster Assistance Board also will assess last spring's flood damage to private property on the Peguis Indian Reserve so the federal government can pay compensation to property owners.

Emil Korchinski, regional director general for the federal Indian Affairs Department, said property inspections on the reserve have been completed and claims are being assessed.
